Description

LUNA is a nearly 9-meter boat in excellent condition.

She is ideal as a tender or support vessel for larger yachts, but also perfectly suited as a standalone boat for enjoying comfortable, fast, and enjoyable days at sea.

Both the interior and exterior are very well maintained and feature finishes by the renowned ****Brabus**** brand, a testament to their quality and durability over time.

Despite her compact size, she offers an interior cabin that can comfortably accommodate 1–2 people overnight when needed. She is exceptionally well equipped, including a Webasto heating system.

The boat is fitted with a toilet and an outdoor shower, as well as a sink and refrigerator, all highly appreciated for their practicality and convenience. Considering her impeccable condition, VAT paid status, and very low engine hours (167), this boat represents excellent value for money.
