Marinello 17 Open with 40 HP engine – Used like new, can be driven without a license

If you are looking for a versatile, elegant boat ready to give unforgettable days on the water, this Marinello 17 Open with a 40 horsepower engine represents one of the best opportunities on the second-hand market.

One of its greatest strengths is the possibility of being driven without a boat license, making it the ideal choice both for those approaching the world of boating for the first time and for those who want a practical, easy-to-manage and low-cost vehicle.

Flawless condition

At first glance, this boat could easily be mistaken for a new boat. It has been maintained with obsessive care, with a level of attention that is reflected in the general state of the hull, deck and components.

With less than 40 hours of navigation, it has been used exclusively in the fresh waters of Lake Garda, greatly limiting exposure to the corrosive effects of the marine environment. In addition, during periods of inactivity it has always been stored in the garage, indoors and dry for about ten months a year, preserving its aesthetics and functionality.

Comfort and versatility

The Marinello 17 Open offers well-organized spaces and an ideal configuration for relaxation, day trips, recreational fishing or outings with family and friends. The modern lines, combined with the ease of operation and maintenance, make it a perfect solution for those who want to experience the sea or the lake without compromise.

Prompt delivery and warranty

This used boat for sale is available for immediate delivery and is offered with a legal guarantee of conformity, offering greater peace of mind and protection to the future buyer.
