Description

CAP MED BOAT & YACHT CONSULTING presents this Jeanneau Merry Fisher 1095 N JOY, built in 2019 and presented as a 2022 model / launch year, a modern, versatile and carefully maintained family motorboat.

This Merry Fisher 1095 is powered by twin Suzuki DF300APX 300 hp outboards, showing only 233 hours at the latest documented service in March 2026. With her CE category B rating, 3.32 m beam and comfortable layout, she is perfectly suited for family outings, weekends on board and relaxed coastal cruising.

The boat benefits from a strong maintenance history, with engine servicing carried out in 2026, two-coat antifouling and anode replacement also completed in 2026. The service battery bank has been renewed and upgraded, with batteries installed in 2023 and further batteries added in 2026.

Navigation equipment has been upgraded with a Garmin GPSMAP 8412xsv 12-inch display installed in 2023, complemented by a Garmin B175M CHIRP through-hull transducer fitted in 2024. This setup offers excellent usability for navigation, depth monitoring, fishing and cruising.

Designed to improve comfort and autonomy on board, this Merry Fisher 1095 also features an additional 300 L fresh water tank and an added inverter, making life on board easier during day trips and overnight stays.

Well powered, well equipped and supported by invoices, this Merry Fisher 1095 N JOY is a strong opportunity for an owner looking for a recent, family-friendly and ready-to-go cruising motorboat.
