## Description

---

Very high performance luxury yacht produced by the Pershing Yacht shipyard of the Ferretti Group. A perfect synthesis of Italian design and cutting-edge technology. The boat stands out for its slender profile, the extensive use of carbon fiber that optimizes its weight and the remarkable top speed. Powered by: 2x MAN V12 1800 HP. Thanks to the innovative manoeuvring joystick, traditional surface propeller engines are agile even at low speeds, while a computerised system constantly manages the hull trim and interceptors to ensure maximum efficiency. Below deck there are three cabins: two double and one with two separate beds and crew cabin. FULL OPTIONAL: radar, autopilot, stabilizers, air conditioning, radar, satellite tv antenna, generator.
