### SPACE 360 FLY – THE ITALIAN FLY BRIDGE THAT STILL KNOWS HOW TO EXCITE

There are boats that, despite the passing of the years, continue to stand out for their elegance, construction quality and livability on board. This Space 360 Fly is one of them.

Single owner

A few hours of motorbike

Excellent overall condition

Boat always followed and maintained with care

Its classic and timeless lines, combined with surprising spaces both inside and on the flybridge, make it the ideal companion for those who want to experience the sea with comfort and style.

The large cockpit, the bright rooms and the panoramic fly invite you to imagine long days at anchor, aperitifs at sunset and cruises in total relaxation.

But what really strikes is the state of preservation: a boat that immediately conveys the feeling of having been loved and used with great attention by its sole owner.

Ready to give new emotions to its next owner.

Boats with these characteristics – a single owner, a few hours and such interesting conditions – are increasingly difficult to find.

If you are looking for a reliable, stylish and great value for money flybridge, this could be the opportunity you have been waiting for.
