Description

****Measuring 27 meters in length, the Tecnomar Velvet 90 is designed entirely with onboard living and comfort in mind. This yacht masterfully combines high-speed performance with spacious, thoughtfully redesigned interiors and exteriors to elevate life at sea.****

****With its unmistakable sporty profile, the Velvet 90 commands attention wherever it goes. The generous cockpit has been optimized for socializing and relaxation, featuring expansive sunpads, a shaded dining area, and seamless access to the water via an extended swim platform. At the bow, another large sunbathing area offers an ideal spot for privacy and panoramic sea views.****

****Step inside and you're welcomed into a space flooded with natural light, thanks to double side glazing, a wide panoramic windshield, and a crystal glass door connecting the cockpit to the saloon. The enlarged salon and seating area are designed to enhance onboard living, offering comfort, visibility, and elegance throughout.****

****The night area features four comfortable cabins, each with its own en-suite bathroom and separate shower. The full-beam master suite, located midship, and the VIP cabin at the bow both include double beds and refined finishes. Two twin cabins at the rear provide additional sleeping quarters, ideal for guests or family.****

****This yacht is built for both thrilling cruising and luxurious leisure—powered by high-performance engines, the Velvet 90 reaches cruising speeds of up to 35 knots, ensuring swift and smooth travel across the waves.****

****True to Tecnomar's design philosophy, the Velvet 90 offers full customization options—from layout and furnishings to materials and finishes. Whether you're aiming for minimalist elegance or classic opulence, the interiors can be tailored to reflect your personal style.****

****With its enhanced living spaces, exceptional speed, and Italian sophistication, the 2008 Tecnomar Velvet 90 is more than a yacht—it's a luxurious floating villa built for unforgettable adventures.****
