Description

Experience the very essence of high-end Italian sport boating with the Canados Gladiator 431 WA, an exceptional walk-around designed by one of Italy's most prestigious shipyards. Created for owners who demand both exhilarating performance and refined comfort, this model perfectly embodies the Gladiator philosophy: power, elegance, and uncompromising craftsmanship.

From the very first glance, the 431 WA captivates with its sharp, sculpted lines and its unmistakably modern profile. Built using carbon-kevlar infusion for maximum rigidity and reduced weight, the hull delivers outstanding stability, razor-sharp handling and remarkable comfort even at high speed. Its true walkaround layout ensures perfect circulation throughout the deck, while the generous sunpads, refined exterior lounge and spacious swim platforms create an environment tailored for pure pleasure.

Powered by twin Volvo Penta D6-DPI 440 hp engines, the Gladiator 431 WA unlocks its full sporting potential. This latest-generation in-board setup delivers strong acceleration, exceptional torque, efficient fuel consumption and outstanding reliability. The DPI system enhances maneuverability with ultra-smooth shifting, precise joystick control and remarkably quiet operation. Combined, these engines offer impressive top-end performance while maintaining superb cruising comfort and serenity.

Onboard, luxury is expressed in every detail: premium tailor-made upholstery, high-end materials, flawless finishes and a layout designed for both entertainment and relaxation. The cockpit features an elegant outdoor galley, a modular dining area and multiple lounging zones, all crafted with signature Italian refinement. Below deck, the luminous cabin, refined bathroom and beautifully arranged volumes provide a level of comfort rarely found on a boat of this size.

The Canados Gladiator 431 WA, equipped with this exceptional twin-440 horsepower configuration, is far more than a sport boat — it is a true luxury experience, where performance, design and exclusivity come together to create unforgettable moments at sea.
