Description

The PIRELLI J33 is a top-of-the-range tender designed to deliver outstanding performance, exceptional manoeuvrability and optimum cruising comfort. Compact and perfectly suited to yacht garages, it meets the requirements of owners seeking a tender that is as elegant as it is efficient. Thanks to its high-performance hull and perfectly engineered balance, the J33 offers precise, smooth and confident handling, making manoeuvres in harbours and higher-speed cruising equally effortless. Its exemplary seakeeping ensures a pleasure to pilot in all conditions. Its refined design, true to Pirelli's DNA, is complemented by impeccable build quality. The premium materials, meticulous finishes and ergonomic deck layout create a comfortable and functional environment, designed for both transfers and sea trips. Elegant, agile and high-performing, the PIRELLI J33 is the ideal tender for yacht owners seeking a level of quality, safety and comfort worthy of the finest vessels.
