Description

More compact, equally ambitious. The SANTASEVERA 42 distils the essence of Mediterranean yachting as envisioned by Francesco Guida into a more accessible format: sharp lines, a generous deck entirely open to the sea, and uncompromising engineering. Below deck, a double cabin with its own en-suite shower room provides all the comfort needed to extend the adventure. On board, performance and Italian refinement are part of everyday life — held to the same exacting standard as the 52.
