## Description

---

CAP MED BOAT & YACHT CONSULTING is pleased to present this 2014 Capelli Tempest 1000 in excellent condition, a RIB ideally suited to enjoying great days at sea with family or friends.

Power comes from twin Yamaha 250 hp outboards showing only 450 hours. The boat has been stored under a shed every winter and benefits from consistent maintenance: engine service, antifouling and timing belts have all been done for the 2026 season — she is ready to go boating immediately.

Onboard comfort is complete for day cruising: sun awning, refrigerator, marine toilet with black water holding tank in the console, deck shower and generous sunpads. The upholstery is in perfect condition and the console and bolster covers are brand new.

Equipment includes a GPS / depth sounder, a FUSION sound system, a battery charger with 220 V shore power inlet and 3 batteries including a dedicated service battery.

Low hours, careful winter storage and up-to-date maintenance: a rare opportunity on this sought-after model, an absolute must-see.
