Description

The Airon Marine 4800 T-Top is an open cruiser that perfectly embodies the philosophy of the Italian shipyard: excellent seaworthiness, intelligent use of space and timeless sporty lines.

The strength of this boat is the livability of the cockpit, designed for those who love to experience the sea outdoors:

The Stern Beach: Wide and deep equipped with hydraulic movement to facilitate the hauling of the tender or to be used as a beach area on the water's surface.

Sundeck and Dinette: At the stern there is space for a generous fixed sundeck, positioned above the hatch of the tender garage. Immediately in front of it is a large "C" shaped dinette with a central table, served by an outdoor bar cabinet equipped with fridge, sink and stove.

The T-Top: Elegant and protective, it houses the helm station on the right side and leaves the central area well sheltered from the sun while sailing, while maintaining formidable natural ventilation.

Bow: The passage to the bow is made safe by well-protected walkways, which lead to a second, huge modular sundeck.

Below deck, the Airon Marine 4800 surprises with the height of the ceilings and the brightness, thanks to the light wood essences.

Living Area: A galley complete with appliances and an internal dinette with sofa and opposing table

Master cabin (Bow): With peninsula double bed, large lockers and private bathroom complete with shower.

Guest Cabins (Aft): Two twin cabins with flat or convertible beds, which take advantage of the entire width of the boat under the cockpit decking, served by a second full bathroom.

It is the ideal boat for medium-long range cruises with the family or for the luxury day charter market. It offers the stability and interior space of a 50-footer, but with the running costs and maneuverability of a 14-footer.

Main accessories: Air conditioning - Bow thruster - Tender garage - Hard top - Joystick - Camera - T-TOP - Cockpit table - Teak in cockpit - TV - Gangway - Autopilot - Electric anchor windlass - Stereo - Stern winch - Electric marine toilet

The Airon Marine 4800 T-Top is an open cruiser that perfectly embodies the philosophy of the Italian shipyard: excellent seaworthiness, intelligent layout optimization, and timeless sporty lines.

The true highlight of this boat is the livability of its cockpit, designed specifically for those who love to experience the sea in the open air:

The Stern Swim Platform: Spacious and deep, it features a hydraulic lift mechanism to facilitate tender launching and hauling, or to be used as a private beach area right at the water's edge.

Sunpad and Dinette: A generous fixed sunpad is located at the stern, positioned directly above the tender garage hatch. Just forward is a large C-shaped dinette with a central table, serviced by an outdoor wet bar equipped with a refrigerator, sink, and cooktop.

The T-Top: Elegant and protective, it houses the helm station on the starboard side and keeps the central area well-sheltered from the sun while underway, all while maintaining incredible natural ventilation.

The Bow: Access to the bow is made safe by well-protected side decks, which lead to a second, massive modular sunpad.

Below deck, the Airon Marine 4800 surprises with its generous headroom and bright interiors, thanks to the choice of light wood finishes.

Living Area: A fully equipped linear galley with appliances and an indoor dinette featuring a sofa and opposing table.

Master Stateroom (Bow): Featuring an island double bed, ample storage lockers, and an en-suite head complete with a separate shower stall.

Guest Staterooms (Stern): Two twin cabins with flat twin beds or convertible configurations. They utilize the full beam of the boat beneath the cockpit flooring and are serviced by a second full head.

This is the ideal yacht for medium-to-long-range cruising with family or for the luxury day charter market. It offers the stability and interior volume of a 50-foot vessel, but with the running costs and maneuverability of a 14-meter boat.

Main Accessories: Air conditioning – Bow thruster – Tender garage – Hard top – Joystick control – Camera – T-Top – Cockpit table – Teak cockpit – TV – Gangway – Autopilot – Electric anchor windlass – Stereo system – Stern mooring winch – Electric marine toilet
