Description

Fountaine Pajot Power 67 — 2022 | Excellence in Navigation

There are boats. And then there's the Fountaine Pajot Power 67.

A motor catamaran that cannot be explained, it is lived. Getting on board means immediately understanding that everything here is designed for one purpose only: to make you feel that the sea is the most beautiful place in the world, and that you are in the most beautiful place by the sea.

This 2022 unit — in excellent condition, semi-new, cared for with obsessive attention — is now one of the very few real opportunities on the European market for those who do not want to compromise.

Space. Real space.

On board the Power 67 the word "narrowness" does not exist. Five double cabins with en-suite bathrooms, an owner's suite that would be the envy of a luxury boutique hotel, two completely independent crew cabins. Ten guests on board, each with their own privacy, their own space, their own corner of paradise.

The panoramic living room with galley-up kitchen integrated into the living room is something that, once experienced, is not forgotten. Floor-to-ceiling windows, natural light everywhere, the constant feeling of being inside and outside at the same time. A loft by the sea, without exaggerating.

The flybridge that changes everything.

Spacious, ergonomic, with a full helm station and Volvo IPS joystick, the Power 67's flybridge is the place where you can see why this catamaran is different from everything else. Dominant 360° view, generous lounge area, sundecks that invite you to stay. Up here you command, you live, you fall in love with the sea every day anew.

Power that you don't feel. Comfort that you can always feel.

Two Volvo Penta D6-480s with 480 hp each — 960 hp in total — with just 870 hours. Fast when you want, silent when you decide to stop and listen to the sea. The catamaran hull eliminates rolling, makes every crossing pleasant, every route a pleasure. And with 4,000 litres of fuel on board, the world is really all within easy reach.

Full optional. Without exception.

Air conditioning, watermaker, Onan 20 kW generator, Bose and Fusion Bluetooth sound system, TV system in the cabin, underwater lighting, ice machine, refrigerated wine room, washing machine, dishwasher, radar, AIS, autopilot, sinkable platform, gangway, integral teak, complete internal and external cushions. Nothing to add. Nothing to be desired.

An investment that holds value.

The Fountaine Pajot Power 67 is among the most sought-after models in international luxury charter. Buying it today, in these conditions and with this set-up, means coming into possession of an asset that the market recognizes and rewards. Use it for yourself or make it an income: in both cases, the right choice.

Accessories notes:

Depth sounder, Wind station, GPS/Plotter inside and flybridge, Autopilot, AIS, VHF, Radar, On-board computer, Rear view camera, Repeater, Electronic throttles, Volvo IPS joystick, Additional flybridge and left stern engine control, Bose Audio Video Pack, Fusion Bluetooth Pack, HiFi interior sound system, 3-cabin TV system, DVD player, CD player, Refrigerator 1x90 Lt + 1x130 Lt, Freezer 2x90 Lt, Washing machine, Dishwasher, Ice machine, Refrigerated wine room, Sea water pump, Air compressor, Air conditioning, Onan generator 20 kW, Watermaker, Inverter 5 kW, Battery charger, Extra service battery, Autoclave, Boiler, Electric adjustable dinette table 3 positions, Cockpit courtesy lights, Walkway lighting, Underwater lighting, Sinkable stern platform, Gangway, Complete external cushions, Full flybridge cushions, Full teak
