Description

The Saver 35 GT is a boat designed for those who want to experience the sea with maximum comfort, thanks to large spaces, well-organized environments and equipment designed to make every stay on board pleasant.

The sleeping area consists of a forward cabin with a double bed, side furniture, clothes racks, reading lights and courtesy lighting, designed to ensure privacy and relaxation while sailing and staying at anchor. At the stern there is a second cabin with two single beds that can be converted into a large double bed, completed by a bedside table, side furniture, portholes and dedicated lights.

The indoor galley has been designed to offer everything you need during cruises. It is equipped with a cabinet with Corian top, two-burner gas stove, sink with tap, microwave oven, 65-liter refrigerator, cabinets and numerous storage spaces. The room is completed by the 220V power socket, the stereo system, the dividing curtain and the access staircase with courtesy lighting.

The bathroom has a washbasin area with dedicated cabinet, electric marine toilet, pull-out shower with electric drain system, storage compartment, mirrors, 220V socket, stainless steel towel rail and porthole for proper ventilation of the rooms.

Outside, the Saver 35 GT offers spaces designed for conviviality and relaxation. The cockpit is characterized by an "L" shaped sofa, a table that can be transformed into a sundeck, a cabinet with sink and predisposition for an outdoor kitchen or grill, as well as numerous storage compartments and a convenient sliding door to access the cabin.

The bow sunbathing area is large and comfortable, while the external equipment includes a pull-out shower, retractable swim ladder, rod compartment, plexiglass bottle and cup holders, bow roller, chain compartment, six cleats, three eyebolts and stainless steel handrails.

The helm station is completed by adjustable pilot and co-pilot seats with armrests, screen-printed dashboard and glass windshield integrated into the fiberglass hard top, equipped with rear curtain and electric windshield wiper.

The on-board systems include battery charger, battery switch with diverter, 220V system with shore socket, complete electrical panel with magnetothermic switches, 1000W electric windlass, bilge pump, autoclave for hydraulic services, 140-litre fresh water tank, 800-litre fuel tank, black water tank, gas extractor, compass and internal and external courtesy lights.

With an overall length of 11.66 meters, a width of 3.50 meters and a capacity of 15 people, the Saver 35 GT has been designed to offer comfort, functionality and liveability during every experience at sea.
