FUEL TANK CAPACITY (L) 3050	GUESTS CRUISING 12	ENGINE MANUFACTURER Volvo Penta IPS 600	HORSE POWER 2 X 435 HP

Description

MD-51 Power is a 15-meter with a fascinating style, which recalls the design of the 30s boating, and with excellent performance. The hull design bears the signature of Roberto Starkel and incorporates the hydrodynamic lines of sailboat hulls, while the construction is based on the total use of carbon composite materials, which has allowed the creation of an extremely robust and light model.

The boat, launched in 2017, is in good general condition thanks to the attention of the owner who keeps it for 9 months a year in an indoor shed.

The yacht has a full optional set-up and flies the Belgian flag.

The hull is equipped with a tender with a new 4 hp engine.

More info available on request.

Navigation equipment:

Rudder angle indicator, Radar Antenna, Electronic engine control, On-Board Computer, Chain counter, Display, Joystick, Plotter with GPS antenna, Co-pilot seat, Engine Measuring Instruments.

Staging and technical:
