GUESTS CRUISING 7	ENGINE MANUFACTURER Porsche Porsche 400 KW	HORSE POWER 1 X 400 HP	

Description

The Frauscher x Porsche 790 Spectre is an exclusive electric powerboat that represents the evolution of the collaboration between Frauscher and Porsche. Designed entirely around the technology of the Porsche Macan Turbo Electric, it combines a light and sporty hull with a 400 kW (544 hp) propulsion system powered by a 100 kWh 800-volt battery. With a length of 7.92 meters, it can accommodate up to 7 people, reaches a top speed of about 95 km/h (51 knots) and offers fast charging from 10% to 80% in less than 30 minutes. The essential design, the customizable finishes and the interior inspired by Porsche sports cars make it a boat that combines performance, innovation and luxury in a new dimension of electric mobility on the water.
