Description

The Aicon 64 is a flybridge of over 20 meters that represents one of the most successful expressions of Italian shipbuilding, designed to offer navigation, comfort and large living spaces without sacrificing high performance. This 2007 model, registered in Italy and available for immediate delivery, is equipped with two 1,224 HP MAN V12s, an engine that guarantees powerful, reliable navigation and perfectly suited to both long cruises and fast journeys.

The proposed version stands out for its rich equipment, which includes a 20 kW MASE generator, hot/cold air conditioning, Besenzoni hydraulic gangway with remote control, bow thruster, oversized stern platform and submersible with tender lift function, side access door, underwater lighting aft and bulwark, complete sundecks and oversized flybridge.

Navigation is supported by complete Raymarine electronics with autopilot, radar, chart GPS, echo sounder, VHF and full engine instrumentation with repetition on the flybridge, offering full control of the boat in all conditions.

Designed for a high-level life on board, the Aicon 64 combines elegant lines, extremely livable outdoor spaces and a solid construction, still confirming itself today as one of the most popular Italian flybridges in its category. Thanks to the balance between performance, comfort and build quality, it represents an interesting opportunity for owners looking for a yacht ready to sail.

INTERIOR DESCRIPTION

The interiors of the Aicon 64 are designed to offer elegant, bright and functional environments, with a configuration consisting of four guest cabins plus a crew cabin, an ideal solution for both family cruising and extended stays on board.

The main living room welcomes guests in a refined environment, enhanced by the internal wooden floor, the adjustable lighting by light dimmer and the hot/cold air conditioning system that guarantees comfort in every season. The large dinette is designed to offer a convivial atmosphere and has a Home Theater system, Hi-Fi system, TV and satellite decoder, making every moment on board even more enjoyable.

The galley is fully equipped with ceramic hob, oven, microwave, fridge, freezer, dishwasher, ice machine and washer-dryer, offering equipment normally reserved for higher category yachts.

The sleeping area guarantees privacy and comfort to all guests, while each cabin is equipped with an LCD TV. The bathrooms have electric toilets, hot water system and wastewater management system, completing a equipment designed for maximum practicality during navigation and mooring.

The ensemble of the rooms reflects the Aicon philosophy: to create a yacht capable of combining Italian elegance, construction quality and superior livability, offering ample space, refined finishes and a level of comfort designed for long stays on board.

Navigation equipment:

Rudder angle indicator, Radar Antenna, Electronic engine control, Variable Drift Limitation Control, On-Board Computer, Tachometer, Chain counter, Hours Counter, chronometer, Display, DSC vhf, Interface, Consumption monitor, Plotter with GPS antenna, Control panel, Co-pilot seat.

Staging and technical:

Fume/Gas Detector, Engine Alarm, Bilge Alarm, Alternator, Water pressure pump, Shore power cable, Deck Shower, Twin Steering, Headlights fixed on the stem, Directional Spotlight, Anchor mount, Electric Flaps, Fire Extinguishing System, Flaps Indicators, Anchor Chain Washdown, Washbasin in the cockpit, Courtesy Lights, Underwater lights, Battery Monitor, Fenders, Gangway, Platform, Waste Water Tank Drain Pump, Automatic Bilge Pump, Manual Bilge Pump, Deck Wash Pump, Seawater Pump, Teak deck, Entry door, Side door, Teak Cockpit, Shorepower connector, Water harbor connector system, Voltage Rectifier, Electronic instrumentation repeater, Rollbar, Electric Windlass, swimming ladder, Waste Water Purifier System, cockpit table, guard rails with gates, Horn, Stern Winches.

Domestic Facilities onboard:

Warm Water, Intrusion Alarm, Hot Air, BBQ/Grill, Warm Water System (ELETTRICO), Internet Connection, Satellite internet connection, Domotic Controller, Light Dimmer, Waste Water Plant, Fuel Tank Indicator, Water Tank Meter, Waste Water Tank Meter, Engine oil pressure gauge, Engine temperature gauge, Interior wooden floor, 12V Outlets, 220V Outlets, Black Water Tank, Water System, Video camera, Electric Toilet.

Security equipment:

Barometer, Binoculars, Smoke buoy, First aid kit, Life Jackets, Safety equipment within 3 miles, Safety equipment within 6 miles, Safety equipment within 12 miles, Safety equipment within 50 miles, Emergency Handheld Fires, PFDs, Automatic Fire Extinguishing System, Parachute flares with red light, Signal flares, Radar reflector, Life buoy, Lifebuoy With Safety Rope and Light Buoy.

Entertainment:

Speakers, Satellite TV antenna, TV Lift Mechanism, Personal computer, Radio AM/FM.

Kitchen and appliances:

Dryer, Galley, Burner, Deck Refrigerator, ICE Maker, Washer dryer, Dishwasher, Washer, Coffee Machine, Ceramic hot plate, Winecooler.
