Description

2008 Princess 23M Flybridge

The Princess 23M perfectly combines timeless British elegance, exceptional seaworthiness and impressive performance. Designed by Bernard Olesinski, her renowned deep-V hull delivers a smooth, stable and confident ride in all sea conditions, making her one of the most respected yachts in her class.

This 2008 example has been meticulously maintained throughout her life and is presented in excellent overall condition. Powered by twin Caterpillar C32 1550 HP diesel engines with only 2,060 engine hours, she offers outstanding reliability, effortless cruising and exceptional long-distance capabilities.

Equipped with two generators, she provides complete autonomy and comfort whether cruising or at anchor. Comprehensive maintenance has been carried out on a regular basis, ensuring she is ready for immediate use.

Her generous exterior spaces are designed for entertaining and relaxation. The expansive flybridge features a large sunbathing area, comfortable seating, a wet bar and ample dining space, offering breathtaking panoramic views. The spacious aft cockpit flows seamlessly to the swim platform, while the foredeck provides an additional sunbathing area for guests.

The interior showcases Princess' renowned craftsmanship with luxurious wood finishes, abundant natural light and an exceptionally spacious saloon. She comfortably accommodates up to eight guests in four beautifully appointed cabins, including a full-beam owner's suite, complemented by separate crew quarters for maximum privacy and convenience.

Combining elegant styling, exceptional build quality and proven Caterpillar power, this Princess 23M represents an outstanding opportunity for owners seeking a luxury motor yacht equally suited to private family cruising or extended Mediterranean adventures.
