Description

BENETEAU GRAND TRAWLER 62 – 2022

Magnificent Beneteau Grand Trawler 62 built in 2022, undoubtedly one of the most accomplished long-range cruising yachts of her generation. Designed by MICAD and refined by Nauta Design, this remarkable 62-foot trawler has been created to deliver an exceptional cruising experience, combining outstanding range, fuel efficiency, impressive interior volumes and an exceptional level of comfort. Her optimized displacement hull ensures smooth, quiet and stable passages, making her the perfect platform for extended cruising in complete serenity, whatever the sea conditions. This is a fully-optioned vessel.

Presented in outstanding condition and maintained to the highest standards, this Grand Trawler 62 has logged only 980 engine hours on her reliable twin MAN i6 730 HP diesel engines. The shaft-drive propulsion system offers robustness, mechanical simplicity and proven reliability for long-range cruising. With a fuel capacity of nearly 3,900 litres, she delivers an impressive cruising range of over 1,000 nautical miles at economical speed, making her a true passagemaker designed for serious adventure.

From the moment you step aboard, the sense of space is remarkable. Expansive panoramic windows flood the saloon with natural light while providing breathtaking sea views from every living area. The interior layout has been designed to rival that of substantially larger yachts, featuring a magnificent full-beam master stateroom amidships offering luxury and comfort comparable to a high-end hotel suite. Guests enjoy a beautifully appointed forward VIP cabin as well as a spacious twin guest cabin. An independent crew cabin completes the accommodation, offering comfortable sleeping arrangements for up to eight guests onboard.

The flybridge, one of the largest in her class, provides an exceptional additional living space. It features a fully equipped secondary helm station, a generous outdoor lounge area, a convivial dining space, expansive sunbathing areas and an exterior wet bar/galley, creating the ideal setting for entertaining and enjoying life at anchor.

Exceptionally well-equipped, this Grand Trawler 62 benefits from a comprehensive navigation package including GPS chartplotters, radar, autopilot, VHF, AIS, monitoring cameras and a Yacht Controller system for effortless manoeuvring. She is also fitted with both bow and stern thrusters, a generator, reverse-cycle air conditioning throughout, battery chargers and converters, and a fully equipped galley featuring premium household appliances. Numerous additional comfort and cruising options make life aboard effortless during extended voyages.

Her exterior areas are equally impressive, featuring a beautiful teak cockpit, wide and secure side decks, a bathing platform, hydraulic gangway and all the amenities expected aboard a yacht of this calibre.

The yacht is offered with a superb Highfield aluminium RIB tender, renowned for its strength and lightweight construction, powered by a Suzuki 30 HP outboard engine, providing the perfect solution for excursions ashore and enjoyable watersports activities.

Rare on the brokerage market, this Beneteau Grand Trawler 62 represents an outstanding opportunity to acquire a modern, elegant and highly capable cruising yacht, perfectly suited for both Mediterranean exploration and extended offshore passagemaking. Her quality of construction, remarkable range, onboard comfort and extensive specification make her a turnkey yacht, ready to depart immediately for her next adventure. Viewings and sea trials available 7 days a week in Antibes, Port Vauban, exclusively with ABYS Yachting.
