ENGINE MANUFACTURER MAN D2842LE406	ENGINE HOURS 3600	HORSE POWER 2 X 1200 HP	

Description

This Canados 24 built in 1996 by the Ostia Shipyards, is a 24-meter flybridge motoryacht that is in really good condition, thanks to constant maintenance and numerous updates carried out over the years.

The large flybridge offers ample seating, a sunbathing area, a second helm station and a davit for handling the tender. In 2025, a new 4.20-metre Zodiac Yachtline tender with a 40 HP Yamaha outboard was purchased.

The aft cockpit, the swim platform and the side walkways are covered in 15 mm solid teak, completely replaced in 2020. The electro-hydraulic telescopic gangway makes it easy to board from the stern.

The engines were upgraded to zero hours in 2007 and currently have about 1,000 hours of operation. Electronic throttles, bow thruster and hydraulic flaps facilitate handling and maneuvering.

Numerous updates have been made: in 2019 the new air conditioning, radar and plotter system were installed; In 2020, the complete external painting was carried out, the installation of new teak, the renovation of the external cushions and the replacement of the carpet. In 2021, the exhausts of both engines were completely redone and three new Mastervolt chargers were installed. In 2023, new mooring winches were installed and the soundproofing of the engine room and generators was redone.

The equipment also includes double Kohler generator, watermaker, electro-hydraulic gangway, bow thruster and complete navigation electronics.

Interior description

The interiors of this Canados 23 take advantage of the large beam of 5.90 meters to offer particularly large, bright and comfortable rooms, with an ideal configuration even for long stays on board.

The large saloon on the main deck has two large leather sofas facing each other, front TV cabinet and large side glass surfaces. The living area continues with a spacious dinette equipped with a dining table for eight people. The interiors are characterized by fine wood essences, parquet in the saloon and carpet in the cabins, maintaining a classic and elegant style.

The galley, completely separate and located on the main deck, has direct side access to the outside and is equipped with a column refrigerator and freezer, sink, Bosch dishwasher, oven, microwave and four-burner electric hob.

The lower deck houses four guest cabins, all with en-suite bathrooms and separate shower stalls. The owner's suite, located amidships and developed full-beam, has a double bed, walk-in closet and en suite bathroom. In the bow is the VIP double cabin, also with an en-suite bathroom. The sleeping area is completed by two twin cabins amidships, one on each side, both equipped with two single beds, an additional foldaway Pullman bed and an en suite bathroom. The configuration allows you to accommodate up to 10 people.

The crew quarters are separate: in the bow there is a double cabin with independent access and bathroom, while in the stern there is an additional

single cabin with bathroom.

Navigation equipment:

Rudder angle indicator (GARMIN), Radar Antenna, Electronic engine control, On-Board Computer (GARMIN), Tachometer, Chain counter, Hours Counter, chronometer, Display (GARMIN), DSC vhf, GPS (GARMIN), Log (GARMIN), Consumption monitor, Autopilot (FURUNO), Chartplotter (FURUNO), Plotter with GPS antenna (FURUNO), Control panel, Radar (GARMIN), Co-pilot seat.

Staging and technical:

Fume/Gas Detector, Engine Alarm, Bilge Alarm, Alternator, Water pressure pump, Teak Side Decks, Shore power cable, Guard rail, Twin Steering, Directional Spotlight, Anchor mount, Hydraulic Flaps, Tender Crane, Anchor Chain Washdown, Courtesy Lights, Underwater lights, Battery Monitor, Fenders, Gangway, Platform (idraulica telescopica), Waste Water Tank Drain Pump, Automatic Bilge Pump, Manual Bilge Pump, Deck Wash Pump, Seawater Pump, Teak deck, Entry door, Side door, Teak Cockpit, Shorepower connector, Water harbor connector system, Electronic instrumentation repeater, Hydraulic Windlass, swimming ladder, Waste Water Purifier System, cockpit table, Tender, Horn, Stern Winches (DOPPIO).
