-Genoa 2022 -Solar panel 2X100W

The Bavaria 35 Match belongs to the "Course- Croisière" family.

The characteristics of this type of boat are as follows:

Larger sail area - Deeper keel - Better quality and more complete fittings

Thinner, lower and therefore lighter hull - Large cockpit designed for efficient (and very comfortable!) maneuvering.

Comfort virtually equivalent to that of cruising boats.

Performance far superior to that of a conventional cruising boat. The gains are most noticeable in light airs and upwind conditions. With 10 knots of wind, the Bavaria 35 match sails at 6 knots at less than 40° from the wind, compared with 4 knots at more than 45° from the wind for a conventional boat.
