Description

Swift Trawler 44, this boat is exceptionally well-equipped (generator, air conditioning, radar, bow and stern thrusters, washing machine, watermaker, satellite antenna, Raymarine 12" plotter, 100 m stainless steel chain with stainless steel anchor, and much more) is meticulously maintained by a professional skipper.

When not in use, the boat is always covered to protect it.

Owned by a private individual and never chartered, it stands out for its impeccable condition.

The hull received an antifouling treatment, the propellers had been treated with Prospeed, and anodes were serviced in June 2024.
