Description

VISMARA MAS 60

Discover VISMARA MAS 60 "Kirribilli 1" - an extraordinary creation by acclaimed architect Renzo Piano, one of the most prominent architects of this century. This exclusive sailboat is one-of-a-kind, created in collaboration with Studio Vismara, standing as a testament to Piano's artistic ingenuity and vision.

The 60 ft sailboat from 2001 combines classic elegance with modern design. The exterior is inspired by America's Cup J-class boats which display timeless sophistication. Every detail, from the profile to the sail plan, is tailored with advanced technology and refined hydrodynamics, evoking both elegance and exceptional performance.

Kirribilli goes beyond being just a sailboat; it surfaces as a sculptural masterpiece on water. Consequently, Kirribilli has been extensively maintained under the attentive care of a full-time captain.

We welcome you to experience Kirribilli's magnificence through an onboard viewing.
