Description

The Orana 44 is a new wave catamaran with generous spaces and pleasant to live inside as outside It has the capacity to welcome 10 passengers. Equipped with 4 double cabins, 4 bathrooms and 2x single berth in the bow compartments. Stored on land during Hurricane Irma, she was dismantled and received some not structural damage on starboard side. Besides the professional repair, she was completely new outfitted: New engine on starboard side, Mast & Rigging, water maker, Electronics, Interior renovation including new floorboards and Upholstery. The new owner invested very generously to use her for a high level Crewed Charter in which she has proven to be very successful.
