The CARY 49 SL is a very rare open boat produced in the 1970s by the American shipyard Cary Marine, founded by Elton Cary and the famous designers of Cigarette and Magnum, Don Aronow. The exterior and interior layout is surprisingly spacious for a vessel of this size, with an excellent combination of performance, style, and comfort.

The CARY 49 SL underwent a complete refit in 2023, which included the following interventions: redoing the teak in the stern cockpit, restoring the hydraulic gangway, total repainting of the engines and engine room (including the lazarette), complete overhaul of the generator, complete overhaul of the electrical and hydraulic systems, replacement of the inverter and batteries. The CARY 49 SL is also well-equipped with: 1 forward owner's cabin with central double bed and private bathroom, crew cabin with bathroom, separate kitchen, Cummins engines replaced in 1999, with few engine hours, hydraulic gangway, swim platform, external color GPS with cartography, bimini, TV in the saloon, Hi-Fi system with external speakers. - Check the full brochure, the video and the sea trial on our Web site MEDIA SHIP
