Description

Baltic Yachts is one of the leading names in high quality yachts for sale. This fully customized model is a fast boat with faultless design and an unmatched build quality. Her simplicity ,stunning appearance and choice of products make her stand out. She has been designed for easy handling and has been optimized for single handed by the current owner. Sailing on this boat is sophisticated.The powerful rig has no backstays or runners and has the hydraulic Magic trim for Mainsail and Jib .Besides this ,she has a hydraulically – powered lifting keel. .The interior is clear and modern, it is equipped in a minimalist way .It offers a comfortable saloon with fridge and simple cooking facilities and a toilet in the front section.The current owner recently refitted her in a magnificent way .He invested in a Future Fibres EC three Rigging, new 3Di Square Top Main and Jib, new E-sail technora carbon main and Jib and much more. He improved also the comfort on board and created a Bimini on carbon poles,refitted the teak, renewed the interior upholstery etc.She seems to be even better now than when she was built.Contact us for more informationAdditional InformationLayout
