Description

The Beneteau Oceanis 351 is a comfortable, easy boat with a pleasing aesthetic. Spacious and very bright interiors, in the best French tradition.

The 351 represents a worthy interpretation of the range of sailboats around 10 meters. With its 10.40 meters in length and three meters and 80 meters in maximum beam, it best meets the expectations of the yachtsman, while remaining BOAT.

The experience gained by the shipyard makes it possible to conceive the right spaces with pleasant aesthetics and great functionality.

Inside, this Oceanis 351 impresses with its space. Going down, you immediately notice the galley developed along the port side as in the larger boats, freeing up space to stand. The dinette is large, with a U-shaped sofa and table, all of which can be transformed into the most comfortable bed on the boat. The chart table and the toilet are located on the left and right sides respectively. In particular, the bathroom is large, bright and functional. The beds are all very comfortable and around 2 meters long, even that of the forward cabin is 2.20 meters.
