engine lovers. It has a large modern console that can be internally equipped with two benches, an electric WC and a ladder that allows easy internal/external access. It is equipped with a windscreen that protects pilot from wind. The seat can be raised to improve posture during standing driving. Tubular coloration is customizable depending on your taste and preference. On the stern, depending on the motorization you are installing, you can have either two planks of which one with ladder or a single deck with retractable ladder. Comfortable the two-rings cooking angle behind the driver's seat in addition to the standard washbasin. The aft bimini at rest finds place sideways to the sundeck, without annoyance. The on-board autonomy is guaranteed by a fuel system with a total of 510 liters of tanks. Both sundecks are also exploitable in navigation without transforming anything, and if desired, the stern lock becomes a cabin with 3 sleeps!
