Description

62 Nell'Aicon Open, the search for openness and continuity translates into a highly innovative space Division, played on an original definition of volumes, leading to the creation of an open kitchen positioned in front of the sleeping area, in true "loft style". That area, which is accessed from the dinette down a few stairs, is made particularly bright by the large windscreen which creates a system of different heights, which enhance the feeling of space. Equipped with three cabins and three bathrooms, a rarity; for a yacht of this size, open the Aicon 62 Open can therefore count on a livability and a substantial optimization of environments, which allows you to enjoy a wide living area and separate from the kitchen, and at the same time to have a sleeping area as comfortable and spacious. The boat is based in Porto Cervo and two crew members.
