

SALE PRE OWNED

riva 63' virtus

3 500 € All Tax Included

Description

What is immediately striking in the Riva 63 Virtus is the deck design, very spacious and sunny with an excellent ratio between seats, sun cushions and walkways. The result is a prestigious boat intelligently designed and with excellent livability. The walkways, for example, are wide and well passable also due to the presence of the projecting protection battalion. The practical and ergonomic solution of the sofa that slides lightly on guides to approach the opening dining table allows you to vary the layout of the cockpit at will, without compromising its practicability. At the center of the cockpit stands a fiberglass tree with a very modern shape that supports the antennas of the different devices: it is a touch of style and modernity that does not disturb the lines of the boat. The shading of the cockpit, necessary in our latitudes, is entrusted to a large hydraulic awning that disappears completely on command. The dashboard is placed in the center and allows good maneuvers, because the visibility is total, also because of its slightly elevated position. The interiors are very spacious. CHARTER FEE EX VAT

Navigation equipment:

Rudder angle indicator, Electronic engine control, On-Board Computer.
