

SALE PRE OWNED

cantieri di sarnico Sarnico 60

570 000 € All Tax Included

Description

The Sarnico 60 is a goal of elegance and purity of form created by the design studio Nuvolari Lenard. The lines that define the sporty and modern profile allow plenty of space on board at the same time. The choice of side windows gives character but also light and visibility throughout the cockpit. A sliding roof allows you to enjoy from the driver's seat all the thrill of speed on the water. Visibility is total, also for the benefit of safety. Below deck three separate cabins offer perfect privacy. The owner is located amidships, with a VIP room at the bow and the double room for guests at the stern. The spaciousness of the different rooms, their furnishings and also the bathrooms are of a high standard. At the stern there is accommodation for the sailor. The Salone is mainly dedicated to entertainment. Internal bulkheads of sinuous shapes allow to obtain the best use of space, while the equal profiles of all the furnishing elements give a pleasant feeling of aesthetic harmony. The search for new precious essences, used for decorations of rare beauty, highlights the skill of the shipwrights of the shipyard. The central position of the engines ensures maximum stability during navigation. Available now.

Navigation equipment:
