Description

The Toy 36 stands out for its harmonious design with a classic setting, rethought in every curve. A generous cockpit with two large chaise longs, communicates with the rest of the living area and the control station, on a single level that gives the boat great elegance and optimization of every space. Even the interiors, characterized by a careful design, host an entrance lounge, convertible into an extra bed, a master cabin at the bow, and a bathroom with shower, of excellent size. Safety, comfort and ease of use are the main features, which make this 36-foot the natural evolution of the Italian day cruiser, which has always been a paradigm of elegance, design and style.
