Description

The first impression you get when looking at the Bertram 43 convertible with its lines is that it still retains the recognizable and iconic Bertram profile. The console features areas for all necessary electronic and navigation equipment and has protective plexiglass covers along with plenty of storage areas. The entire superstructure is built with flowing lines that are very pleasing to the eye. In addition to the engine room, there is an engine room for equipment such as generators, pumps and water heaters forward of the cockpit. With two 655 Hp MTU engines, this Bertram 43 has a comfortable cruising speed of 25 Kn and can reach a top speed of 30 Kn. COLOMBO III is kept in perfect working order by her owner and is ready at the buoy. Contact us for more details.
