Description

Fantastic American Fisherman EdgeWater all 2010, BOAT. Boat in excellent condition for amateurs. In the water any test. Built by anglers for anglers "Of the three Express currently in the range, the EW 265 is the one that occupies the central position with its eight meters and fifty-three meters in length overall. It combines a fishing deck with a cruising interior, in a very interesting mix. Born in the ocean, the hull tackles even challenging waves with ease, which we verify in the wake of a ferry. The EdgeWater 265 EX remains well resting with a regular trim on the water and, above all, does not suffer from particular repercussions on board. The setting of the course is precise, easy to manage also thanks to the softness of the wheelhouse; Excellent visibility in all directions, which allows constant control of what is happening around for maximum safety of navigation and maneuvering. But it is the turn that surprises us, for an unusual ease even when the GPS indicates a speed of 39 knots. The boat rests on the sliding surface inside the turn and closes precisely, without lapping off, after which it repositions itself with equal ease for straight navigation. The roll is decidedly minimal when stationary, while during navigation it is practically imperceptible. The idle speed, in the case of trolling fishing, is 1.8 knots without the aid of a trolling valve, while the gliding trim is lost at around 15 knots." To buy. Price plus commissions.

Navigation equipment:

Radar Antenna (Raymarine), Electronic engine control, On-Board Computer, Chain counter, Depth Sounder (Raymarine), Autopilot (Raymarine), Plotter with GPS antenna (Raymarine).
