azimut 62 flybridge

Description

The slender profile, which has become a great Azimut classic, immediately suggests that this yacht can take you far and already has numerous portholes that flood the interior with light, and which precede all the subsequent lines of Azimut and beyond. Stylish details that surprise and offer an unprecedented cruising experience are certainly the upholstery of precious woods and the leathers that cover the dashboard and seats. The three cabins and three full bathrooms can comfortably accommodate 6 guests for a respectable cruise. The generously sized flybridge deck is equipped with a davit for the tender, leaving the aft platform completely free for long days of diving and swimming. The boat underwent a thorough refitting in the year 2023 (complete cushions, exterior and interior upholstery, carpeting, mattresses, electric awning) and in-depth maintenance every winter (heat exchangers, hull to zero, complete polishing, teak outside the main deck and flybridge, electronic instrumentation). Price plus agency fees.
