

## Description

Aquarius IV, a 35m custom made motor yacht built by CBI Navi, boasts timeless elegance with its distinctive design by Willem de Vries Lentsch, Jr. Originally built in 1995 in compliance with Lloyd's Register Certification 100 Al, the vessel underwent a significant refit in 2013, which includes the complete replacement of teak on all decks. In addition, over the past five years, the yacht has undergone extensive and thorough maintenance, including zero-hour overhaul of the engines and generators, as well as overhaul of all systems and complete restoration of the bathrooms. Capable of cruising at a cruising speed of 10 knots, AQUARIUS IV boasts an incredible range of 5,200 nautical miles, making it ideal for extended ocean exploration. With its combination of classic charm and modern comforts, this magnificent vessel offers an exceptional sailing experience for those seeking style and luxury on the water. Contact us for more details.
