Description

The demand for high quality "lobster boat" styled motor yachts in the 36 to 50 foot range prompted San Juan to design and build the SJ48. She combines the lobster boat styling with state of the art design, engineering and composite construction. The hull provides comfort and sea keeping in difficult sea conditions yet allows for higher speed cruising in calm to moderate sea conditions. Not only will the SJ48 maneuver and handle like a sports car at all speeds to 35 knots, but it also provides a safe, comfortable, dry ride in the no-nonsense environment of any ocean or waterway. FEMO is maintained as new by her first and only owner. Ready to go. Commission fees due also by the buyer.
